

A *Legend* IS BORN

The apex of more than 100 years of American ingenuity and manufacturing expertise brings you the most advanced 8" belt sander available to the professional wood floor contractor.

Enhance your wood floor craftsmanship with the American Sanders Legend.

WOOD FLOOR SPECIALISTS SINCE 1903

PERFORMANCE ENGINEERING

The American Sanders Legend is the most advanced 'big machine' available to the professional wood floor craftsman. This innovative machine delivers aggressive cutting capability and smooth operation, resulting in exceptionally flat floors.

Every system of the Legend works cohesively to give the operator precise control of the machine with consistent results on even the toughest job site conditions.

Cuts Fast & Flat

Powerful 4HP (6.5HP Peak) Continuous Duty Motor

Easy Drum Pressure Adjustment

- 5 Settings (50, 60, 70, 80, 90 lb)
- Tune your machine for specific job site conditions or personal preference

Enhanced Chassis Suspension System

- A balanced system of compression and extension springs provides superior stability, helping to eliminate side cutting, wave, and chatter on damaged and uneven floors

Dual Mode Feathering Handle

Drum and Top Roller System

Advanced engineering provides an aggressive cut while requiring minimal operator maintenance.

“V” Crown, dynamically balanced upper roller

Precision balanced drum with cooling slots

Simple, fast, precise paper alignment

Vented paper door facilitates dust collection, reduces buildup on upper roller

Laser Guide for Enhanced Sight Lines

JOB SITE EFFICIENCY

From monitoring critical functions, reducing dust in the work space, simple and effective machine set up, to easily transporting the machine, the Legend helps to reduce the time and energy on any typical job site.

Monitor Critical Functions

- Digital Run-Time Meter
- Digital Volt Meter
- On-Board Circuit Breaker

Transport Your Machine With Care & Ease

Onboard Transport Dolly

- Can be left on machine without fear of rubbing the wall
- Remove or attach in seconds

Multi-Use Transport Handle

- Carry the motor or carry the frame

Tool-Free Quick Release Motor Mount

- Just Pull and Rotate two D rings to loosen the motor in seconds

Optional Stair Climber Dolly

- One-person transport of the machine and motor up and down stairs

Control Center with Intuitive Power Switch and USB Charge Port

Ergonomics To Reduce Fatigue

Optional Adjustable Height Handle:

Adjustable height handle provides ergonomic comfort to reduce fatigue for operators of all sizes.

- 4 Settings
- Lowest Setting: 33.6" from floor
- Highest setting: 37.9" from floor

Exceptional Functionality

Dust-Free Bag Connection

- Check valve connector prevents dust release when bag is disconnected
- Also accepts drawstring bag or vacuum hose
- Dust tube rotates freely or can be locked in place

Dual Poly-V Belts

- Reduced vibration
- No need to loosen belt tension in between jobs

Tool-Free Belt Tension Release

Bright White LED Work Light

Reduced Noise Level

Onboard Tool Kit
