

# TimberClean™ DEEP SCRUB

Water Based Wood Floor Cleaner

**TimberClean Deep Scrub** is an industrial grade cleaner formulated to remove embedded dirt and tough residual films that get left behind by the use of commercial cleaning products. Perfect for use with a scrubber and a cleaning pad, **TimberClean Deep Scrub** is ideal for floor preparation before a screen and recoat.

- Butyl and alcohol based formula breaks down residual film formations.
- Cleans aggressively to remove embedded dirt.
- Can be used effectively with or without an automatic scrubber.
- Moisture evaporates quickly to prevent water damage.
- Concentrated 1:4 formulation.

## SURFACES

WOOD FLOORS

## TECHNICAL DATA

**Description** Water based wood floor cleaner

**Appearance** Yellow liquid

**pH** 11  
ASTM E70-07

**Viscosity (Brookfield)** <10 centipoise

**VOC** 14.5% (as supplied)  
40 CFR Part 59 Subpart D 2.86% (1:4)

**Fragrance** No fragrance added/alcohol (IPA)

**Shelf Life** 1 year  
ASTM D1791-93 (2008)

**Density** 8.3 lb/gal  
ASTM D1475-13 (2008)

**Container** 1 gal (3,8 liters), wide mouth (63mm) bottle

## PRODUCT INFO

**Product Code** 714GL3

**Volume** 1 US gallon (3,8 liters)

**Shipping Package** 3 x 1 gallons  
(3 x 3,8 liters)

**Pallet Quantity** 60

# DIRECTIONS

Read all directions and Safety Data Sheets (SDS) before using.

## Directions For Use:

1. Prior to using TimberClean Deep Scrub, make sure the floor is free of any debris that may be attached to the floor surface, such as chewing gum, mud, or other debris. Once all debris is loose, thoroughly vacuum the floor, paying special attention to the corners.
2. Mix TimberClean Deep Scrub using a ratio of 4 parts water to 1 part cleaner.
3. Soak several clean towels in the cleaner solution and wring them until nearly dry. Rubber gloves are recommended to prevent skin irritation.
4. Wrap a towel around a push broom and tack the floor. Refold the towel using clean sides as needed. Pay special attention to the corners.
5. For areas with stubborn surface marks, use a sponge or pad center from a red or white cleaning pad and scrub the area manually until the spot is removed.
6. Rinse the floor with clean water and clean towels.
7. Clean the floor with TimberClean, making sure to follow the instructions on the TimberClean label. NOTE: TimberClean should always be used after TimberClean Deep Scrub to ensure that the floor is left clean and is free of any residue.

## Auto-Scrubber Application Method:

1. When using an automatic scrubber, mix TimberClean Deep Scrub using a ratio of 4 parts water to 1 part cleaner.
2. Scrub with a red or white cleaning pad. Make sure squeegees and scrubbing pads are in good condition and proper working order. Pay special attention to the corners.
3. Flush the tank with clean water and clean the floor with a clean water rinse.
4. Mix TimberClean using a ratio of 4 parts water to 1 part cleaner and clean the floor, following the instructions on the TimberClean label.
