Product Description

The random-orbital sanding action of the DEWALT 218-OS Orbital Sander removes the scratch patterns left by drum or rotary sanders, leaving a smooth, flat floor ready for refinishing. At 3,600 orbits per minute, the DEWALT 218-OS Orbital Sander sands faster than any other orbital sander available. With torque-less operation for enhanced operator comfort, the DEWALT 218-OS Orbital Sander is perfect for interim "screen and recoat" and fine finish sanding jobs.
